Docket No. ACR2016

NOTICE OF THE UNITED STATES POSTAL SERVICE OF FILING
OF A REVISED VERSION OF USPS-FY16-NP5 AND A FURTHER
REVISED VERSION OF USPS-FY16-NP2 -- ERRATA
(February 3, 2017)

The Postal Service hereby gives notice of filing of revised versions of the material indicated below as part of the **Non-Public Annex** in this proceeding:

USPS-FY16-NP2 **FY 2016 International Cost and Revenue Analysis
(ICRA) Report (Hard Copy and Excel)**

USPS-FY16-NP5 **FY 2016 ICRA Overview/Technical Description**

USPS-FY16-NP2 was previously revised on January 19, 2017. A description of the revisions can be found at the end of the revised Prefaces to each folder. The need for these revisions was revealed with the recent discovery that, when the ICRA was originally being prepared in December, not all of the space distribution keys were successfully loaded into the inputs of the Domestic Processing Model. When the model was run, the costs were distributed only on those distribution keys that were in the model. To fix this, the complete set of space keys was reloaded, and the model was rerun. Files affected by the update are now being replaced. The magnitude of the changes from this revision generally range from minor to trivial, but the scope of the changes is unfortunately quite broad, requiring updates to a relatively large number of folders. Since only ten of many files in USPS-FY16-NP2 are revised, this filing is a

supplemental one, including only a revised Preface and the revised files. Only one of two parts of USPS-FY16-NP5 is revised. None of the revisions alter the nonpublic nature of the contents.

Respectfully submitted,

UNITED STATES POSTAL SERVICE

By its attorney:
